

SOLUTION BRIEF

# Business Continuity Plan.

## Prepare for the Worst-Case Scenario.

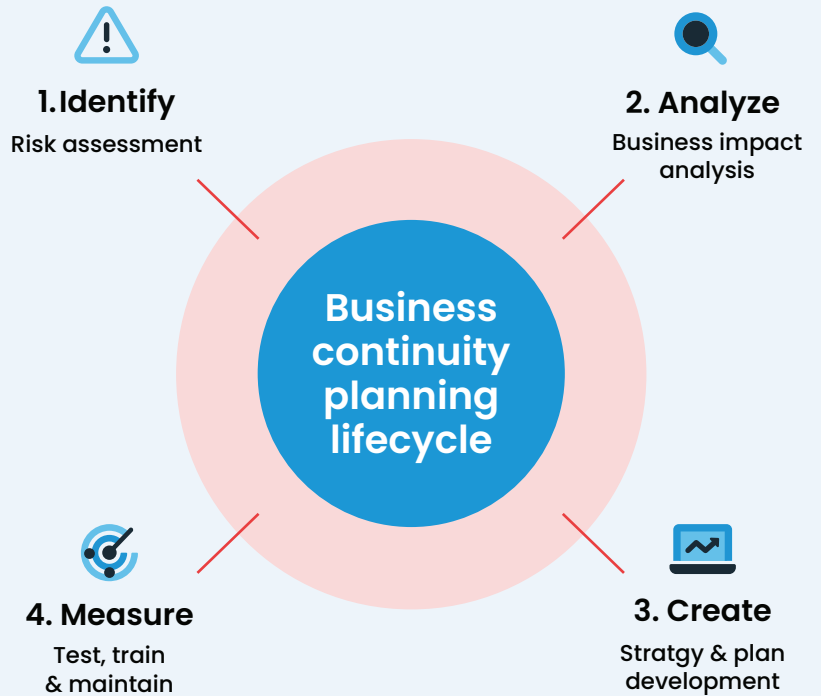

ArmorPoint's Business Continuity Plan (BCP) is the shield you need to ensure that your operations remain functional in the face of any crisis. Our expertly developed plans take into consideration the unique needs of your business, working closely with your team to identify critical functions, assess potential threats, and craft a tailored plan for seamless recovery.

“96% of organizations experienced at least one incidence of downtime between 2019-2022.”

Comparitech

### CORE OUTCOMES

- Reduce operational downtime and revenue loss
- Safeguard your brand's image and reputation
- Ensure the safety and well-being of your workforce
- Maintain and enhance customer trust and confidence
- Gain a competitive advantage with unparalleled readiness and resilience

# How it Works.

STEP 1	<b>BUSINESS CONTINUITY PLAN PREPARATION</b>	→ Alignment with key stakeholders on strategic objectives and operational necessities
STEP 2	<b>COMPREHENSIVE RISK ASSESSMENT</b>	→ Comprehensive evaluation of potential risks confronting the organization → Apply findings to BCP development and planning
STEP 3	<b>ACTIONABLE STRATEGIES</b>	→ Clear, step-by-step procedures for every scenario, ensuring a swift and coordinated response
STEP 4	<b>COMMUNICATION BLUEPRINT</b>	→ A well-defined communication plan to keep employees, customers, and partners informed during disruptions
STEP 5	<b>RIGOROUS TESTING &amp; TRAINING</b>	→ We don't just write a plan, we make sure it works. Regular testing and employee training ensure everyone is prepared to act
STEP 6	<b>CONTINUOUS IMPROVEMENT</b>	→ Our plans are dynamic and are designed to evolve alongside your business to maintain peak effectiveness.

## Ensure Operational Resilience in the Face of Any Crisis.

The future is uncertain. ArmorPoint's Business Continuity Plan service gives your organization a tactical plan to face whatever comes your way. Get the assurance you need to sleep peacefully at night knowing your business has the people, processes, and technologies in place to swiftly respond to real-world threats.
