

KASEYA 365

Everything Needed to Manage, Secure, Backup and Automate Your Environment

Kaseya 365 provides seamless access to core functions in Endpoint Management, Security and Backup. These solutions are joined under one subscription, effortlessly integrated, and live with the unified interface experience of IT Complete.

<p>MANAGE</p> <p>Gain access and control over devices and the network.</p>	<p>SECURE</p> <p>Ensure devices and data are protected from intrusion or corruption.</p>	<p>BACKUP</p> <p>Preserve critical data from loss, theft, or exploitation.</p>	<p>AUTOMATE</p> <p>Do it all consistently, accurately and within the constraints of small teams.</p>
---	---	---	---

WHY KASEYA 365?

A Kaseya 365 subscription offers everything needed for IT and Security teams to manage, secure, backup and automate their endpoint environments. All in one place, in one unified and automated subscription.

With "the Essential 20" Automations built in, Kaseya 365 components save time by making workflows smoother, reducing manual mistakes and making complicated tasks quicker & easier.

SIMPLE

Reduce vendor fatigue by putting all critical components in one easy to understand, acquire, and manage subscription.

EFFICIENT

Experience massive improvements in technician efficiency by leveraging the power of workflow integrations and automations.

AFFORDABLE

Experience significant budget benefits by saving up to a 75% when compared to using a mix of separate competing solutions.

MANAGE	SECURE	BACKUP	AUTOMATE
RMM	Anti-Virus Ransomware Detection Advanced Software Management Endpoint Detection & Response Managed Detection & Response PRO <i>with Managed SOC</i>	Endpoint Backup	

Kaseya 365 is offered in 2 versions, one with MDR (PRO) and one without MDR (Express)

Maximize Efficiency with **Built-In Automations**

Kaseya 365 reduces manual tasks, boosts productivity and ensures robust security and data protection, optimizing IT management across the board.

This forms the foundation for future AUTOMATION innovation. With this subscription, we create a common core set of components and automations that we can be confident is shared by a large audience. That makes innovation and automation even easier, we know the impact will be felt by every customer, and the input we get will be from a larger audience of users.

The **ESSENTIAL 20**

1. **Endpoint Shortcut** for EDR
2. **Endpoint Shortcut** for AV
3. **SmartLook** for EDR
4. **Alert-Trigger** for EDR Events
5. **True-Sync** for EDR Policy
6. **True-Sync** for Organizations
7. **One-Deploy** for Patching
8. **True-Sync** for Health Status
9. **One-Deploy** for Backup Install
10. **One-Deploy** for RMM 3PP Policy (DattoRMM)
11. **One-Deploy** for RMM 3PP Policy (VSA)
12. **One-Deploy** for Ransomware Detection
13. **One-Deploy** for RMM Ransomware Policy
14. **One-Deploy** for RocketCyber
15. **SafeCheck** for EDR Activity
16. **SafeCheck** for AV Activity
17. **True-Sync** for Organizations
18. **True-Sync** for EDR Health Status
19. **True-Sync** for AV Health Status
20. **True-Sync** for Billing

No longer do you have to make tough choices about what to include, or waste time and money on fragmented solutions that can't be automated. **Now you can...**

DO **IT** ALL

Provide more comprehensive and better service for your users, and deliver savings to your bottom line.
Every dollar saved is another made in profit for your business.

On average, Kaseya 365 will create at least \$5 in additional profit per endpoint, while keeping customer costs the same! Kaseya 365 costs between \$5-\$14 less (depending upon the inclusion of MDR) than a fragmented stack of competing solutions. It's quite literally a "no-brainer" for providing the essential elements of endpoint management, woven together to make you more efficient, and at an unbelievable price!

A SEAMLESS UPGRADE

We've created a simple upgrade path for our partner's who already have components of Kaseya 365. This process ensures that we protect your existing investment, and your existing functionality while delivering you an equal license count to your highest demand area. You get all of Kaseya 365 for a small upgrade fee, all included components, and lock in your price for additional licenses to support your growth.

ROOM TO GROW

Kaseya 365 is offered in two configurations, PRO with MDR, and Express without. Talk to your account manager for upgrade/purchase options!
